

Raising Awareness of Dementia Through Film

Jan Zietara, Head of Operational Delivery, HEE South

Developing people
for health and
healthcare

www.hee.nhs.uk

HEE's Role & Aims

- Create a workforce with the right knowledge, behaviours, values, skills and competencies to support a range of conditions identified in the DH Mandate and to support workforce transformation set out in the 5 Year Forward View
- **Develop and promote awareness** and core skills
- Workforce development through access to and promotion of high quality training resources
- Support and promote **good education practice** and **research**
- Engage the health and care systems in workforce, education and training to maximise resources and reduce educational variation

HEE Mandate and Prime Minister's 2020 Challenge

The HEE Mandate outlines the requirement to support the delivery of the Prime Minister's 2020 Challenge on dementia, including:

- Ensuring tier 1 training tools are available to all NHS staff by end of 2018, monitored by a bi-annual audit
- Development of two short films to raise awareness of dementia including within the black and minority ethnic (BAME) community
- Staff working regularly with dementia undertake more in-depth training appropriate to their role (tiers 2 and 3)
- All undergraduate healthcare courses include dementia education and training

Dementia Core Skills Education and Training Framework

Dementia Core Skills Education and Training Framework

Supports all health and social care staff, educators and carers who care for people living with dementia.

Published October 2015

Framework Structure

Tier 1: raising dementia awareness - knowledge, skills and attitudes for all those working in health and social care settings and for carers

Tier 2: for roles that have regular contact with people living with dementia

Tier 3: for experts working with people living with dementia

Benefits

- Standardises interpretation of education and training and ensures educational relevance
- Guides focus and aim of educational delivery through key learning outcomes
- Improves quality and consistency of education and training provision to improve patient experience

Finding Patience

Finding Patience: The Later Years

HEE Education and Training Resources

- A suite of good practice training resources, which are free at the point of access for all <https://hee.nhs.uk/our-work/person-centred-care/dementia>
- E-Learning programmes:
<http://www.elf.org.uk/programmes/dementia/>
- Resources aligned with the initial findings of the ‘What Works’ in dementia education and training research study being undertaken by Leeds Beckett University
- Further work with stakeholders to develop resources to accompany the training films to meet tier 2 training outcomes

Examples of good practice resources commissioned/developed across HEE

- **‘Finding Patience’** – dementia awareness in the African Caribbean community & **‘Finding Patience - The Later Years’**, dementia awareness film in care homes
- **Fred’s Story** – dementia and the risk of wandering*
- **The Appointment** – dementia in dentistry*
- **Dementia Guide for Carers and Care Providers Ebook***
- **Time for Dementia Initiative** a collaborative project supported by HEE working across Kent, Surrey and Sussex
- **Liverpool House of Memories** supported by HEE working across the North West
- Thames Valley Dementia Academic Action Group **Tier 1 training vignettes***
