

Hidden carers, Hidden skills?

Ensuring the voice of expert carers are heard

Louise Langham – Former carer & Carer Engagement Lead for **tide**

Shahid Mohammed – Former Carer & tide member

tide – together in dementia everyday

‘the voice, friend and future of all dementia carers’

tide – together in dementia everyday **‘the voice, friend and future of all dementia carers’**

‘A diagnosis of dementia is given not just to one person – it is given to a spouse, a partner, a child and the extended family’

Competences and transferrable skills of carers and former carers

- **Time Management**
- **Managing a Team**
- **Communicating Well**
- **Adjusting to change**
- **Problem Solving**

our mission is to.....

- **Challenge** the perceptions of carers of people with dementia in society
- **Campaign** for better support for carers of people with dementia
- **Influence** government, legislation and policy
- **Speak** on behalf of people who can't speak out for themselves
- **Provide** carers of people with dementia with the tools and support to help themselves and others
- **Educate** people, organisations and the public on the essential role that carers of people with dementia perform
- **Connect** carers of people with dementia with other carers of people with dementia – a truly unique involvement network
